GIRLS IN THE NIGHT NEWS

ISSUE NO. 2 VOLUME NO. 2

Intro

Winter;

Webster's definition; *n.* coldest season of the year. all girl productions definition; **HOT!**
This winter promises to be the Hottest season of events that we have produced during our 8 year tenure.

First, the printing of our **20 th issue of GIN News**, is truly a reason for celebration. As this year comes to a close, our Christmas Party & New Years Eve Ball, will be fabulous. It is the production of these two events (every year for the past 8 years), that caught the eyes of national sponsors.

Just two years ago, during our scandalous **GO GO Girl Competition #3 , The Competition for Women that dance for Women that dance without MEN,** we were asked if we could this thing we do "Girls in the Night", on a National Level ?...My first reaction was "Get the money.. GET THE MONEY!" After researching the primary states, that the sponsor selected to target, a bit of reality and history kicked in.

GIN is not about our production company a.g.p., It is a part of it. GIN is you... every 6,325 Woman and Gay Man that belong to our organization, and when we expand, it will be into communities that welcome our presence and respect what we do; produce entertainment "all about & for WOMEN, and our gay male friends, while providing a source of community support and networking.

During the past two years, I have traveled the entire East Coast, on behalf of our sponsor. Needless to say, I got a little side tracked. While we will be producing the first ever official National circuit of parties for Women ... the beauty, the charm, and foremost the warm reception of the lesbian and gay community in Atlanta Georgia, surprised me. Now I know why they call it **HOTLANTA!**

GIN/a.g.p. is setting up shop in Atlanta. Though it will be part of our tour, Atlanta is a permanent thing for us. Don't worry... in no shape or form of the imagination are we leaving you, without your support there would be no National Tour, Newsletter, Bliss, or Atlanta.

As we grow, we invite you, the founding sisters and brothers of a.g.p./G.I.N. to go with us!
As I type, the travel agents are busy putting together a travel package so that you can join us in Atlanta for our Grand Opening January 1997... **We're calling it the a.g.p. Winter Retreat, but it's sure to be the Hottest Weekend you've ever had!**

peace out...

SPILL IT SISTER

By Ms. Wanda

Dear Ms. Wanda,

I have a really big problem, I went out about three weeks ago and I met this woman at Lua. She is absolutely gorgoeous but, she's Straight .

The dilemia is that straight girls always try to pick me up, but when I go to a Lesbian Club, Dinner, or Coffee House, women never approach me, or so much as look at me, and I bathe, dress nice and I'm relatively attractive.

I learened my lesson long ago about getting mixed up with straight women, and I"m not even going there! What should I do?

Sincerely
Striking Out on South Beach

Dear Strike,

Maybe the problem is that you think your more than relatively attractive?.. and you are waiting for women to fall at your feet? Perhaps you should try approaching a cutie at Bliss, or the Coffe shop, and stop hanging around straight bars. Reading between the lines, I'm sure you love the attention, and know, as every good Lesbian should, when a women approaches you and tells you "I'm straight",... she really means straight to bed, and if you choose to follow her lead, take you dental damn girl!

Ms. Wanda Loves Ya!

Dear A.G.P.

Let me introduce myself, I am Kem Knuckles, I host parties under Dyfferent Gyrl Productions, here in Atlanta. We'd like to be the first, to welcome you to the Atlanta Scene.

Hey Dyfferent Gyrl's,

Thank you for your letter, Ms. Wanda loves your Southern Charm!... Are any of you Dyfferent Gyrl's single ? Ms. W. needs to get hooked Up. (smile)

Once again thank you Kim and we look forward to meeting you.

Yours Truly, Ms. Wanda

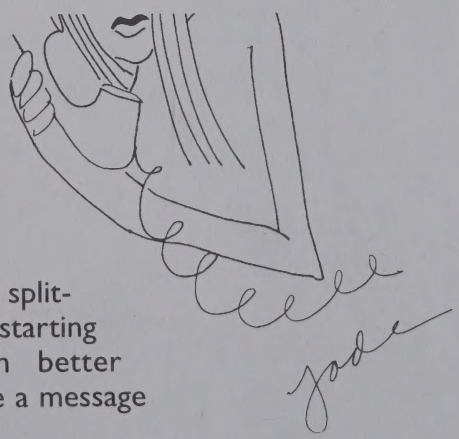
STARTING OVER

She called me last night. Finally. It took her over a week to do it, but she called.

We had an elementary conversation. We talked about common friends and pet-peeves, what I've been doing since she last saw me, and what she's been doing. Within 45 seconds I was thinking of ways to excuse myself and hang up. You know the type of conversation that is going no where and something inside tells you she is not what you want and then we sort of made plans to see each other, I think. "Maybe I'll see you sometime this weekend," she said. But I believe that doesn't mean anything, except that if she sees me out she'll say hello. Oh what a relief.

Meeting the right person, or the wrong one, is difficult. Especially if you're not comfortable with the starting over process yet. You know, STARTING OVER...going out, approaching someone, having initial awkward conversations, exchanging phone numbers, then calling her up and asking her out! It can all be very complex and overwhelming know its been that way for me.

So I've decided to delay my starting over process for now. Instead of jumping into the dating scene like so many have told me I need to do, I will play it safe and continue the group hang out. I go out with a group of friends who shield me from the "approach" of other women and keep me from having to do the "approach" as well. This way I can safely socialize and meet women within my circle of friends without the pressure of being out alone and looking as if I'm out on the prowl.



My advise to the recently broken-hearted and split-up: hang out with your friends and put off starting over as long as possible. Women with better suggestions can call the GIN hotline and leave a message for Jade.

In the Night....

Walk on bare feet with clothing to disperse; secret liaisons in the center of the earth; a potion so evil so sweet and divine, a potion of poison deep within my mind; inside the earths core like the rising of the sun; is the heated curves that my hands wish to burn; it gives like christmas, all throughout the year; for I'd give you joy, til it pours like tears; a clear salty substance that drips from your eyes; but I speak of the substance that drips between your thighs: sleek as it creeps in the hollows of my tongue; swallow and taste the sweet place where it's from; smile as your chest heaves for air from delight; smile for once more were orgasmic in the night

MARIELLA

written by Bold & Shy

Mariella looked intensely into Danielle's eyes. 'You know, standing here merely looking at you, I can hardly control my desire, "Is that so?" Danielle said pulling Mariella's head gently and burying it in the softness of her neck. The music playing gently in there ears as they groove sexily to the jam playing.

'So', she pauses as Mariella's eyes meet her, "What are you gonna do?' She picks up the hint of faint passion in her voice. 'Anything and everything if allowed?' She brings her face a mere inch away from Danielle. Her features become serious as she feels Mariella's hand moves slowly from her back to the hollow of her neck. 'Please allow me baby' Mariella whispered with caressing yet pleading words. Danielle's eyes closed un-voluntarily as she waited for what was obviously coming.....The Kiss.

Danielle's knees felt as if they were going to buckle underneath her when her lips touched the red inviting ones of Mariella. As the warmth of Mariella's breath mingled with hers, she felt a shiver travel down her spine as her tongue slowly outlined the creases of her lips. Mariella smiled slightly at the expression of the delight on her girlfriend's beautiful face. Danielle opened her mouth slightly inviting Mariella's probing tongue to enter, she doesn't waist a second, as she locks lips and fills the releases of her mouth. Mariella let's out a little moan as she feels Danielle's hand slowly cup her breast which lay firm yet carefree underneath the sheerness of her blouse. Mariella slowly pulls back as she feels Danielle's hand start to undo the little flimsy buttons. 'No' she whispered into Danielle's mouth. "Uh-Uh Miss Thang, you got me into this" Danielle says unfastening just enough buttons to reveal the mounds of tanned skin. Mariella closed her eyes and smiled as she said in a throaty whisper, 'your turning this one me, aren't you?' Danielle didn't answer and just

watched Mariella's features soften as her index finger played lovingly with the tip of her right breast. She slowly brought her head down to Mariella who stood a few inches shorter than her. This time when there lips touched there was an electrical surge strong enough to leave the city in a eternal blackout. As things got a bit more intense Mariella released her lips long enough to say 'Danielle I really don't.....'. Her words were silenced by the devouring kiss that left Mariella gasping for air. Danielle started to lead her into a dark corner in the room, she pushed her a bit roughly against the cold bare concrete wall, and started to make out with her almost viciously. Danielle pressed her body onto Mariella until she could feel every curve and mound on the beautifully trimmed frame". Part your legs sweetheart" Danielle said in between kisses. Mariella's eyes remained closed as she did as she was told.

The music had an erotic hypnotizing beat that started an automatic grinding rhythm from both their hips. Danielle slipped her legs in between Mariella's thighs, as she on natural instinct started to sway. A smile crept onto Danielle's lips at the quick loss of shyness from her girl. She joined her rhythm by lifting her leg up every time Mariella dipped down.Mariella gasped lightly in Danielle's ear as she lightly rubbed her secret spot against her thigh this time. "Keep it there" Danielle propped her leg up on a decorative stone on the ground almost suspending Mariella in mid air. "YES!" Her forbidden area was in complete contact with Danielle's thigh. She could feel the heat seeping through her clothes as she quickened the sway of her hips."Girl, I think were gonna start a fire!" That brings a little chuckle from Mariella. "Don't worry the library comes equipped with 2 exits at either end of the room". Danielle laughs for a second before kissing Mariella once more this time their mouths just searched for each other to quench their arousing thirst. Danielle could feel her leg becoming numb as Mariella rocked back and forth at a quicker pace. She gently tugs at Danielle's hair as she fills her mouth with passionate moans. 'Oh yeah! Oh yeah!'. She repeats louder as Danielle adds on the the pressure by placing her hand on her thigh to increase the friction. Mariella thought, "I'm gonna surely burn in hell for this one, something this good has got to be a sin". She gave one final yell before she slumped over onto Danielle. Exhausted, 'Let it all out baby', she said as she slowly removed her leg bringing Mariella down on the floor. "Oh God, how embarrassing" she thought as she looked down at her soaked pants. "I'm all wet" she said pulling lightly at her pants.

Danielle smiles taking her hand and leading her to the front door. "Can you walk sweetheart?" She asked concerned. "I'll manage" Danielle looked around, "What you've never seen a girl get off on the dance floor?" The onlookers looked away to obviously gossip about the scene that just occurred. Mariella and Danielle smiled shyly at the door girl who stood there, mouth agape at what she had just witnessed. 'Close your mouth Adele, these are the nineties!' . "You girls come again now you here"

"I came enough already thank you!". They both laughed as they disappeared down the street.

The End

COME BACK SAFELY

Even to say goodbye
even if it's the last time
even reluctantly

even to hurt me again
even with the yellow acid
of sarcasm that stings

even with a new kind of pain
even fresh from the embrace
of another, come back, just come.
